

S13 Day Paddles - Peace River

Nocatee Ramp to Deep Creek Park Ramp Paddle Information Sheet

Description: The Seminole Indians, who settled on its banks two centuries later, it was *Tallackchopo*, "The River of Long Peas," for the wild peas that covered the river's banks. Displaced from their homelands in the southeastern United States, bands of Lower Creek Indians migrated to Florida and the Peace River Valley in the early 1700s, while it was still under Spanish rule. There they mingled with runaway slaves and adopted the colorful attire of Scottish traders, forging a unique culture and coming to be known as Seminoles, or "separatists." To the Seminole Indians, who settled on its banks and plied these waters two centuries later, it was *Tallackchopo*, "The River of Long Peas," for the wild peas that covered the river's banks.

Skill Level: Advanced (due to distance)

Distance/Approximate Time: 14.9 Miles/6 Hours

Launch Site: Nocatee Ramp

Takeout Site: Deep Creek Park Ramp

Special Considerations: This paddle requires shuttling. Contact a local outfitter to check on safe water levels before paddling. This paddle has some tidal influence.

Skill Level Definitions

Beginner: New to paddling and may need tips and or instructions about paddling strokes, safety procedures, and entering/exiting kayaks. Comfortable on short trips of 1 to 3 miles on protected waters, when wind does not exceed 5 mph.

Novice: Paddlers acquainted with basic paddle strokes and can manage kayak handling independently in winds not exceeding 10 mph on protected waters. Comfortable on trips up to 6 miles.

Intermediate: Paddlers with experience in basic strokes and some experience on different venues, including some open water. Comfortable on trip distances of 6 to 10 miles, winds not exceeding 15 mph.

Advanced: Seasoned paddlers who possess skills and experience to paddle all venues and conditions. Experienced in self-rescues. Should be comfortable paddling more than 10 miles in a day.

NOTE: Great care has been taken to ensure this guides accuracy, but weather, tides, and water conditions can change rapidly and create hazardous conditions. These maps are for visual reference only, please consult NOAA Charts for navigation. Paddlers should have all proper safety equipment and check conditions before departure. All paddlers should always wear PFDs while on the water, and leave a float plan. There are inherent dangers in any paddle sport. There are special hazards along the Florida coast due to shifting tides, changing wind and weather, shallow waters, and treacherous bottoms with soft mud, rocks, and oyster bars. It is up to each paddler to be aware of these dangers, to accept and be prepared for the risks involved, and to be certain they have the skills to safely paddle in these conditions.
