

S23 Day Paddles - Inland Lakes

Crescent Lake East Paddle Information Sheet

Description: Crescent Lake offers over 40 miles of shoreline paddling. The East leg begins at the Shell Bluff Ramp and continues clock-wise along the shoreline to the Bull Creek Ramp on Dead Lake. Crescent Lake is known for its American Bald Eagle population and largemouth bass, speckled perch and blue gill fishing. It is a prime American Alligator habitat. Manatees are known to make this lake home. Cypress swamps border most of the shoreline.

Skill Level: Advanced

Distance/Approximate Time: 12.6 Miles/5 Hours

Launch Site: Shell Bluff Ramp

Takeout Site: Dead Lake - Bull Creek Campground and Ramp

Special Considerations: Caution is to be taken while paddling the lake due to motorized traffic. This is a big lake and can get rough on windy days. This paddle requires shuttling vehicles.

Skill Level Definitions

Beginner: New to paddling and may need tips and or instructions about paddling strokes, safety procedures, and entering/exiting kayaks. Comfortable on short trips of 1 to 3 miles on protected waters, when wind does not exceed 5 mph.

Novice: Paddlers acquainted with basic paddle strokes and can manage kayak handling independently in winds not exceeding 10 mph on protected waters. Comfortable on trips up to 6 miles.

Intermediate: Paddlers with experience in basic strokes and some experience on different venues, including some open water. Comfortable on trip distances of 6 to 10 miles, winds not exceeding 15 mph.

Advanced: Seasoned paddlers who possess skills and experience to paddle all venues and conditions. Experienced in self-rescues. Should be comfortable paddling more than 10 miles in a day.

NOTE: Great care has been taken to ensure this guides accuracy, but weather, tides, and water conditions can change rapidly and create hazardous conditions. These maps are for visual reference only, please consult NOAA Charts for navigation. Paddlers should have all proper safety equipment and check conditions before departure. All paddlers should always wear PFDs while on the water, and leave a float plan. There are inherent dangers in any paddle sport. There are special hazards along the Florida coast due to shifting tides, changing wind and weather, shallow waters, and treacherous bottoms with soft mud, rocks, and oyster bars. It is up to each paddler to be aware of these dangers, to accept and be prepared for the risks involved, and to be certain they have the skills to safely paddle in these conditions.
