

Day Paddles and Overnight Camping Trips - Carrabelle/Ochlockonee Area

Chaires Creek Primitive Camp Trip Information Sheet

Description: Paddle eastward along the south shore of Ochlockonee Bay to Chaires Creek on your right. Once in Chaires Creek the paddle to the campsite is a sheltered one. The campsite is on your left. Return to the Ochlockonee Bay Bridge Ramp the following day.

Skill Level: Intermediate

Distance/Time: 3.5 Miles Each Way/Approximately 2 hours

Launch Site: Ochlockonee Bay Bridge Ramp

Takeout Site: Ochlockonee Bay Bridge Ramp

Special Considerations: Chaires Creek is a shallow tidal creek and is best paddled on medium to high tides. Please practice Leave No Trace principles.

Skill Level Definitions

Beginner: New to paddling and may need tips and or instructions about paddling strokes, safety procedures, and entering/exiting kayaks. Comfortable on short trips of 1 to 3 miles on protected waters, when wind does not exceed 5 mph.

Novice: Paddlers acquainted with basic paddle strokes and can manage kayak handling independently in winds not exceeding 10 mph on protected waters. Comfortable on trips up to 6 miles.

Intermediate: Paddlers with experience in basic strokes and some experience on different venues, including some open water. Comfortable on trip distances of 6 to 10 miles, winds not exceeding 15 mph.

Advanced: Seasoned paddlers who possess skills and experience to paddle all venues and conditions. Experienced in self-rescues. Should be comfortable paddling more than 10 miles in a day.

NOTE: Great care has been taken to ensure this guides accuracy, but weather, tides, and water conditions can change rapidly and create hazardous conditions. These maps are for visual reference only, please consult NOAA Charts for navigation. Paddlers should have all proper safety equipment and check conditions before departure. All paddlers should always wear PFDs while on the water, and leave a float plan. There are inherent dangers in any paddle sport. There are special hazards along the Florida coast due to shifting tides, changing wind and weather, shallow waters, and treacherous bottoms with soft mud, rocks, and oyster bars. It is up to each paddler to be aware of these dangers, to accept and be prepared for the risks involved, and to be certain they have the skills to safely paddle in these conditions.
