

## Day Paddles and Overnight Camping Trips - Yankeetown Area

**Covas Creek to Vassey Creek Information Sheet**

**Description:** Launch at Allen Park and paddle down Covas Creek far enough to see the open Gulf. Then round Hodges Island and paddle along the marsh up Vassey Creek and under the Allen Park Rd. bridge to the take out on the right. After take out, there is a .3 mile hike back down Allen Park Rd. to get your vehicle.

**Skill Level:** Novice

**Distance/Time:** 3.7 Miles/2 Hours

**Launch Site:** Allen Park Ramp at end of Allan Park Road which is at the intersection of CR 40A and CR 40.

**Special Considerations:** Sand and oyster bars on low tide.

**Skill Level Definitions**

**Beginner:** New to paddling and may need tips and or instructions about paddling strokes, safety procedures, and entering/exiting kayaks. Comfortable on short trips of 1 to 3 miles on protected waters, when wind does not exceed 5 mph.

**Novice:** Paddlers acquainted with basic paddle strokes and can manage kayak handling independently in winds not exceeding 10 mph on protected waters. Comfortable on trips up to 6 miles.

**Intermediate:** Paddlers with experience in basic strokes and some experience on different venues, including some open water. Comfortable on trip distances of 6 to 10 miles, winds not exceeding 15 mph.

**Advanced:** Seasoned paddlers who possess skills and experience to paddle all venues and conditions. Experienced in self-rescues. Should be comfortable paddling more than 10 miles in a day.

**NOTE:** Great care has been taken to ensure this guides accuracy, but weather, tides, and water conditions can change rapidly and create hazardous conditions. These maps are for visual reference only, please consult NOAA Charts for navigation. Paddlers should have all proper safety equipment and check conditions before departure. All paddlers should always wear PFDs while on the water, and leave a float plan. There are inherent dangers in any paddle sport. There are special hazards along the Florida coast due to shifting tides, changing wind and weather, shallow waters, and treacherous bottoms with soft mud, rocks, and oyster bars. It is up to each paddler to be aware of these dangers, to accept and be prepared for the risks involved, and to be certain they have the skills to safely paddle in these conditions.
