

## Day Paddles and Overnight Camping Trips - Apalachicola Basin

**Little St Marks River Paddle Information Sheet**

**Description:** Launch at the Box-R ramp and paddle down the Apalachicola River and enter the Four Trees Cutoff on your left. When you get to the Little St Marks, take a right and paddle downstream all the way to the Gulf and under the HWY 98 bridge. Continue to your right along the bridge and around the south side of the island ahead, to the entrance to the canal to the Battery Park ramps.

**Skill Level:** Intermediate

**Distance/Time:** 8.8 Miles/Approximately 3 hours

**Launch Site:** Box-R Ramp at the end of Bluff Road

**Takeout Site:** Battery Park in Apalachicola

**Special Considerations:** Open water at the end of the paddle. This paddle requires shuttling.

**Skill Level Definitions**

**Beginner:** New to paddling and may need tips and or instructions about paddling strokes, safety procedures, and entering/exiting kayaks. Comfortable on short trips of 1 to 3 miles on protected waters, when wind does not exceed 5 mph.

**Novice:** Paddlers acquainted with basic paddle strokes and can manage kayak handling independently in winds not exceeding 10 mph on protected waters. Comfortable on trips up to 6 miles.

**Intermediate:** Paddlers with experience in basic strokes and some experience on different venues, including some open water. Comfortable on trip distances of 6 to 10 miles, winds not exceeding 15 mph.

**Advanced:** Seasoned paddlers who possess skills and experience to paddle all venues and conditions. Experienced in self-rescues. Should be comfortable paddling more than 10 miles in a day.

**NOTE:** Great care has been taken to ensure this guides accuracy, but weather, tides, and water conditions can change rapidly and create hazardous conditions. These maps are for visual reference only, please consult NOAA Charts for navigation. Paddlers should have all proper safety equipment and check conditions before departure. All paddlers should always wear PFDs while on the water, and leave a float plan. There are inherent dangers in any paddle sport. There are special hazards along the Florida coast due to shifting tides, changing wind and weather, shallow waters, and treacherous bottoms with soft mud, rocks, and oyster bars. It is up to each paddler to be aware of these dangers, to accept and be prepared for the risks involved, and to be certain they have the skills to safely paddle in these conditions.
